SUMMER STUDY

The ninth annual summer session of the Alabama College School of Music will open with an unusually strong faculty and the full equipment of the school available. Students of all degrees of advancement will find satisfactory teachers and classes. Children, grade pupils, high school, and college students, post-graduates, teachers and artists, each individual and class will find a hearty welcome and instruction suited to their needs.

Students attending Summer School at Alabama College will find it convenient to pursue musical subjects at the School of Music. Mr. Spry will attract a large number of pianists, the regular faculty of the school will attract other students and teachers. Six weeks of intensive study under such a competent faculty will advance any serious student to the extent of her own most earnest desires in her devotion to study.

WALTER SPRY

Distinguished American Pianist and Teacher
Guest Piano Teacher for Summer Session, 1925

Walter Spry is known in every part of this country as a musical educator of the first rank. He has toured as a concert pianist very extensively and always achieved remarkable success. His early studies were pursued in Chicago under August Hyllested, an excellent Danish pianist, and Clarence Eddy, in organ and theory. Upon the advice of Mr. Hyllested, his young pupil went to Vienna to study under the famous master Theodore Leschetizky, who had so many talented young artists as his students. Mr. Spry feels that he owes much to this great man who laid the foundation in his technic and method of study. Being progressive, Mr. Spry has made a

close study of other methods of piano-playing and has been fortunate in having subsequent study in Berlin and Paris. Since establishing himself as a teacher in Chicago, he has had many great artists as his friends and colleagues whose artistry he has been able to observe at close range. Among these may be mentioned Godowsky, Sherwood, Carreno, Ganz, Busoni, Josef Hofmann and Harold Bauer. With twenty-five years of experience added to his talent and industry, Mr. Spry has developed many fine young pianists and teachers. For the past three seasons, he has been represented by his pupils as soloists in the concerts of the Chicago Symphony Orchestra under Frederick Stock. This is the highest tribute that could be paid to any teacher. On one of these occasions his pupil, Miss Margaret Farr, played the G Minor Concerto of Saint Saens as winner in the contest held under the auspices of the Society of American Musicians.

As a teacher of teachers, Mr. Spry has had signal success, having held many summer classes in Chicago. He has the happy faculty of knowing what teachers can and should learn in the space of time allotted in the summer of study. His method of piano technic is founded on natural laws, and in expounding these to the teachers he does not destroy that which is good in their former manner of teaching. He rather strengthens and adds to that which they already have. Mr. Spry's knowledge of the literature is most comprehensive, and he has been a class student himself of the best classical and modern music. His programs this summer at the School of Music, Montevallo, will embrace every epoch of piano music, and he has so arranged them as to make helpful suggestions to teachers who are interested in music of recent date.

PUBLIC SCHOOL MUSIC DEPARTMENT

(State Accredited)

MISS MAY ANDRUS, *Supervisor*

SCOPE OF DEPARTMENT

The courses in Public School Music for the summer session are designed to meet the needs of supervisors who are engaged during the school year, and who wish to take advanced study; also for those musicians who are desirous of becoming supervisors of Public School Music.

Courses will be offered for Grade and High School teachers that embrace sight-singing, elementary theory, and methods for teaching music in the classroom from the standpoint of the Grade teacher. Special attention will be given to the departmental teachers of music in the high school.

OBJECT OF COURSE

The object of the course in Public School Music is to develop a well-rounded musical education, together with the necessary training in methods of presentation of the subject to insure proficiency in the art of teaching.

Entrance requirements for those taking the Supervisor's Course:

A general academic education, representing a four-year high school course or its equivalent.

Possession of an acceptable singing voice. Ability to play on the piano, at sight, music of hymn tune grade and compositions of the grade of Bach two and three part inventions and Haydn Sonatas.

COURSES OFFERED SUMMER 1925

FOR GRADE TEACHERS:

S-16 A.B. Public School Music Normal Methods for Grade Teachers. Rudiments of music, sight-singing, ear-training, Public School Music as applied to grades 1 to 6. Four hours per week for six weeks. Credit, 2 quarter hours for each course.

FOR SUPERVISORS:

S-38 A.B. Public School Music Subject Matter. Singing at sight with Latin syllables and with words, music suitable for all grammar grades. Training in the ability to write exercises for sight-singing. Elementary theory, such as names of keys; time and rhythmic problems; scale and chromatic progressions; major and minor keys, etc. Study of the child voice. Four hours per week for six weeks. Credit, 2 quarter hours for each course.

S-39 A.B. Public School Music Methods. Presentation of all subjects in grammar grades. The principles and practice of teaching. Teaching of rote songs. Application of methods as applied to various textbooks. A study of the materials suitable for the grammar schools. Four hours per week for six weeks. Credit, 2 quarter hours for each course.

PIANOFORTE NORMAL DEPARTMENT

MISS ELIZABETH YOUNG, *Supervisor*

Recognizing the insistent, widespread and growing demand for professionally trained music teachers, the Summer School last summer instituted a special course of Normal Training for piano teachers. This course was so practical, logical and comprehensive that the teachers who enrolled for it found that they had immediately gained from it better results in their teaching.

The Summer School has again made arrangements to continue the course in Normal Training for music teachers, offering both the first and second year courses. We do this in order:

- (a) To bring about better methods in pianoforte instruction.
- (b) To assist teachers in preparing for the state music examinations.
- (c) To save Southern teachers the expense of a trip North to secure professional training for the renewal of state certificates.
- (d) To establish unity in the music departments of our accredited schools.

We cannot too strongly recommend that piano teachers who wish to go forward professionally, to renew their state certificates, to raise the standard of their own professional work, and to raise the standard of music in their communities should take this course of highly specialized work. It is sure to be a valuable investment of both time and money.

The Normal Course will consist of two summer sessions with fifteen hours of class work each week and will include the following:

First Summer Session—

Thirty Normal Training Lectures:

- (a) Physiology in its relation to pianoforte playing.
- (b) Practical methods of study and practice.
- (c) Teaching material.

Ten classes in hand culture.

Ten classes in Harmony.

Ten classes in History of Music.

Twelve private half-hour pianoforte lessons.

Second Summer Session—

Thirty Normal Training Lectures:

- (a) Pianoforte Pedagogy.
- (b) Teaching Material.

Ten classes in History of Music.

Ten classes in Harmony and Music Form.

Twelve private half-hour pianoforte lessons.

Practical Teaching Experience:

- (a) Each student will be required to teach at least one second grade pupil.
- (b) Elementary Theoretical classes.

(Students are expected to conduct these classes when requested.)

A model practice school is provided which is used as a clinic or laboratory for students taking the Normal Training course. Classes of beginners are formed and a uniform course is given, which includes the keyboard, notation, hand culture, ear-training, and rhythmical work. Normal students are required to observe and assist in this work.

Upon the satisfactory completion of the first Summer Session of the Normal pianoforte course, the State Department will renew piano certificates for one year. Upon the satisfactory completion of the second Summer Session or complete course, the State Department will renew the piano certificates for three years.

SPECIAL SUBJECTS

DORMITORY CHARGES

Board, lodging and laundry.....	\$40.00
Matriculation fee	3.00
Physician, nurse, hospital and medicine fee.....	1.50

GENERAL ADVANTAGES

Think of getting board, lodging and laundry for six weeks for \$44.50. One could scarcely stay two weeks at a resort for this. Then there is the instruction, the games, the swimming, song services, lectures and recitals, the excursions, and the field trips, and the good fellowship from six weeks of study and recreation with more than four hundred members of one's profession and not the least, the wonderful equipment, a modern building with some forty pianos, devoted to the teaching of music. No wonder teachers seek their State Summer School in increasing numbers each year. It is indeed a place of concourse whither students come from every quarter for every kind of knowledge. Let us all work to extend its influence to many more teachers this summer.

A full catalog of the Summer School may be had by writing to Dean O. C. Carmichael, Director of Summer School, Montevallo, Alabama.

General Statement

HISTORY

THE Alabama College, formerly known as the Alabama Girls Industrial School, was created by a bill introduced into the State Senate in 1892 by the Hon. Sol D. Bloch, of Camden. The bill became a law in February, 1893, with the provision that the act should go into effect after January 1, 1895. On January 1, 1896, the school was located at Montevallo, Shelby County, and on October 12 of that year began its first session. The act changing the name to the Alabama Girls Technical Institute was approved by the Governor, February 20, 1911, and the School Code of October, 1919, approved September 26, 1919, changed the name to Alabama Technical Institute and College for Women. On September 9, 1923, the name was changed to Alabama College.

"The college is established for the purpose of giving therein instruction in the liberal arts and sciences and in technical subjects suitable for women, and to this end the following academic and technical departments are established: 1. English, literature, expression; 2. Mathematics and astronomy; 3. History and political economy; 4. Education, psychology, sociology; 5. Ancient languages; 6. Modern languages; 7. Chemistry, physics, geology; 8. Biology, bacteriology, zoology; 9. Physiology, sanitation; 10. Agriculture, dairying, floriculture, horticulture; 11. Art, painting, manual training; 12. Home economics; 13. Vocal and instrumental music; 14. Commercial branches—stenography, accountancy, typewriting, secretarial practice. Other departments or subjects may be established from time to time by the trustees upon the recommendation of the president and faculty, that women may have the opportunity for general education and for special preparation for homemaking, extension service, teaching, and for becoming self-supporting in trades and industries and in the business world."—Alabama School Code, October, 1919, adopted 1907.

LOCATION

Montevallo is a picturesque village near the geographical center of the State. The unusually beautiful scenery of the surrounding country and the quiet, reposeful atmosphere of the place are, educationally speaking, valuable assets to the college. The campus of ninety-five acres is well situated in the highest part of the town.

BUILDINGS AND EQUIPMENT

The buildings comprise the Academic Building, Bloch Hall, Calkins Hall, Library, Dormitory, Peterson Hall, Nabors Hall, Laundry, Power House, Dairy, Exchange Cottage.

The Academic Building was erected in 1851 when the Montevallo Male Institute was incorporated as a joint stock company. The lot was donated by Edmund King. In front of this building the men from Montevallo and the vicinity were mustered into service at the time of the War between the States. Here the regiment received the flag that the women of Montevallo made and presented to them. After the war the Cumberland Presbyterians were unable to carry on this school, which they had bought, hence they turned their college over to one of their ministers. Reverend W. H. Meredith conducted here a high grade school for women for twenty years. When the Alabama College was founded this building became its home, and a frame building in the shape of three sides of a square was added about 1900. This building was torn down when the new music hall was built in 1918. The Academic Building contains the auditorium, gymnasium, part of the academic classrooms, the supply store, and college post office.

The Dormitory is a large brick building, consisting of three wings, connected by cross halls. It contains the administrative offices, parlors, reception halls, and rooms for 450 boarding students. It is lighted by electricity and heated by steam. Besides the fourteen exits and usual fire escapes, cylindrical "Kirker-Bender" fire escapes are placed at the rear of the east and west wings.

The Library was completed during the session of 1922-23. It is a two-story building, trimmed with stone. The reading room, the main feature of the building, is 90 by 40 feet, well lighted and ventilated. The stacks, children's room,

work room, and office are conveniently placed with relation to the delivery room, which occupies the center of the building. The conference rooms are on the second floor. The Library now contains 9,500 volumes and many pamphlets and periodicals, classified by the Dewey decimal system. About \$2,000 is spent on the Library each year.

Bloch Hall was completed, equipped, and used for the first time during the session of 1915-16. It is named in honor of Mr. Sol D. Bloch, of Camden, Alabama, who was the author of the bill establishing the college, and who served continuously as a member of the board of trustees from its organization to October 23, 1919.

Calkins Hall was completed in 1917. It is of fire-proof construction with the director's room, music classrooms, studios, practice rooms, and the beautiful recital hall. This building is devoted entirely to the teaching of music. It is of most unusual charm and permanence, from the carved stone entrance to the lovely concert room upstairs. It is named in memory of Charles Rendell Calkins, director of music 1913-1920.

Peterson Hall, the infirmary, named in honor of Dr. Francis Marion Peterson, who served the college wisely and faithfully for seven years as its second president, is situated about fifty yards from the dormitory in a quiet place. It has accommodations for thirty-six patients.

Nabors Hall, an historic building on the campus, erected in 1818, is temporarily used as a practice home for the department of home economics.

Gymnasium. Physical training and sports include work in the gymnasium, with its large exercise room, dressing room, and lecture room; an outdoor swimming pool, with dressing rooms and shower baths; six tennis courts; one indoor and two outdoor basketball courts; a volley ball court; and a field for baseball and other games.

Recreation Room. The large room on the second floor of the dormitory, formerly used as the library, has been converted into a recreation room for the students. The furnishing of this room, to the value of \$700, was generously donated to the college by Loveman, Joseph and Loeb, of Birmingham.

Supply Store. The supply store, on the ground floor of the academic building, is for the convenience of the students. It furnishes, at about cost, anything needed in their

school work. In connection with the supply store is the college post office, where mail is given out twice daily.

Water Supply. The college has an adequate water supply for drinking and sanitary purposes and for fire prevention. This water is secured from two springs and is stored in two tanks of thirty and of one hundred twenty thousand gallons capacity, respectively. From these tanks the water is distributed throughout the buildings.

Fire Protection. At convenient and accessible points within the building are located chemical fire extinguishers, in addition to an ample supply of fire hose. Outside the building nine fire plugs supply thirteen openings to which fire hose can be attached. Two fire hose carts, each containing five hundred feet of hose, are conveniently housed, so that in a very brief period of time several streams of water can be concentrated at any point in the event of such a necessity. Two fire drills are held each month.

Exchange Cottage. Early in August, 1923, it became evident that Alabama College could not take care of the large number of students desiring to enter; in fact, by the middle of the month there were thirty or forty applicants, for whom there was no room.

The Exchange Club of Montevallo hearing of the situation called a mass meeting of the people of Montevallo, laid the situation before them, and put on a campaign to raise funds to help out. The result was that a comfortable temporary dormitory, consisting of twenty-two rooms, with steam heat and hot and cold water, was erected and promptly filled with sixty girls and one teacher. This dormitory was used again in the session of 1924-25 and is available for several years more. It is called the Exchange Cottage.

LABORATORY EQUIPMENT

The biology and bacteriology departments occupy three large rooms in Bloch Hall. The laboratories are equipped with thirty-five very expensive compound microscopes, dissecting lenses, a large supply of mounted slides, three sterilizers, incubator, autoclave, hot air oven, and plant and animal specimens, together with much small equipment necessary to give a thorough course in both biology and bacteriology.

The chemistry and physics laboratories are located in the basement of Bloch Hall. The physics laboratory contains lockers and desks for the students' use and also equipment sufficient to carry on experiments to accompany the text books.

The chemistry laboratories occupy two rooms, each containing forty-eight lockers and desks. Adequate equipment for experiments in general inorganic chemistry is supplied to each locker. Equipment suitable for simple experiments in organic chemistry may also be found here. A generous supply of chemicals is kept on hand at all times for use in the work of this department.

The department of home economics is located in Bloch Hall. There are two food laboratories and one laboratory equipped for dietetics and nutrition work. In connection with these laboratories there is a small dining room used for instruction and practice in serving meals. The building has ample lecture room facilities. There are also three well equipped and well lighted sewing laboratories. The art and design work is done in the room occupied by the art department. A six-room house is used as a practice house in which the students live in groups for a quarter under the direction of one of the instructors in the department. The practice home serves as a laboratory in connection with the home management course offered in the teacher training course in home economics.

TRAINING SCHOOL

An agreement between the town of Montevallo and the college provides for the use of the local school as a Training School. There are two divisions in the school—the elementary comprising the first six grades, and the high schools, comprising the seventh through the twelfth. The director in charge of the school is a member of the faculty of the college.

MONTEVALLO EQUIPMENT FUND CAMPAIGN

On March 20, 1924, the Board of Trustees of Alabama College, in view of the distressing needs for larger equipment to care for the young women who desire training, decided to launch an equipment fund campaign for a minimum of one million dollars. Dean O. C. Carmichael was appoint-

ed director of this campaign and released from his duties as dean for a period of six months at least. At a subsequent meeting of the Board in September the time was extended to the beginning of the year 1925.

The campaign was pushed vigorously in every county in the State. An unusually large number of subscribers to the fund was the result. The total amount pledged by March 20, 1925 was \$467,000. The largest donor to the cause was Mr. Erskine Ramsay of Birmingham who gave \$100,000 to be applied on a dormitory. This building by action of the Board was dedicated to, and named in honor of Mrs. Janet Erskine Ramsay—the mother of the donor. This building was begun early in 1925 and will be available by September. It will be a magnificent dormitory, thoroughly modern in every way and adequately equipped. It will contain sixty-six rooms and will accommodate approximately one hundred twenty students.

In addition to the Janet Ramsay Hall, work was begun early in 1925 on the president's residence. The old residence for the president of the institution was burned in 1921 and had never been replaced. This edifice will likewise be completed by September, 1925.

APPEAL FOR FURTHER AID

One of the distressing needs at present is for a practice home. It is hoped that some philanthropic individual in Alabama may see fit during the year to contribute a minimum of ten thousand dollars for the erection of this much needed building. No more fitting memorial could be erected in honor of one's mother, wife or daughter than a home such as this. It is believed, therefore, that someone in Alabama will see fit to thus honor his mother, wife or daughter and serve the young women of this generation thereby.

Scholarships

I. GIFTS

1. *The Birmingham News Scholarships.* The Birmingham News has offered to Alabama College four scholarships that cover actual expenses not in excess of five hundred dollars.

The first was awarded to Miss Ellen Bates, Jasper, in 1921, to be held until graduation in 1925. This scholarship is renewed for 1925-26, the beneficiary to be selected in August, 1925.

The second scholarship was awarded to Miss Mildred Keahey, Plantersville, in 1922, to be held until graduation in 1926, if her record proves satisfactory.

The third scholarship was awarded July 15, 1923, to Miss Dorothy Williams, Uniontown, to be held until 1927, if her record proves satisfactory.

The fourth scholarship was awarded in the summer of 1924 to Miss Dorothy Allene Morris, Bessemer, to be held until graduation in 1928, if her record proves satisfactory.

The conditions for these scholarships are as follows:

Applicant must be a graduate of a standard high school who has not attended college before. Application must be made to the Scholarship Department of the Birmingham News, not directly or indirectly to the college or its president. No outside pressure or influence must be brought to bear upon the college authorities. Certain papers are required to be filed with each application, and all papers must be filed together in one package addressed to the Scholarship Editor of the Birmingham News. These papers shall consist of a statement of high school record, a recommendation from the high school principal, another from the city or county superintendent of education, and at least two other letters from prominent citizens of the county, at least one of whom shall not be a teacher. These letters of recommendation must testify as to scholarship, deportment, character, general fitness for college work, and must clearly show that the applicant will not be able to enter college next fall without outside help, such as is offered by these Birmingham News Scholarships. In addition each applicant must furnish a certificate that her general health is

good and that she should be able to attend college without impairment of health.

The beneficiaries of these scholarships sign no notes to repay this money, but each is expected to promise to pay to the college in after life at least the amount she received for her education to be used for helping other worthy girls in their efforts to get a college education.

When beneficiaries are ready to begin making these payments, the college will establish a Birmingham News Scholarship Fund, and will use the money in accordance with this request. In this way, permanent scholarships will be established and maintained.

2. *The Alabama Power Company Scholarships.* This company presented to Alabama College a five hundred dollar scholarship in 1922 to be awarded on conditions similar to those on which the Birmingham News Scholarships are awarded. This was given to Miss Wanda Burkes, Cullman.

A second scholarship similar to the first was presented in 1923, and was awarded in 1923 to Miss Lucy Holt, Butler.

A third scholarship was presented in 1924, and was awarded to Miss Grace Berryman, Town Creek, to be held until graduation in 1928, if her record proves satisfactory.

3. *Mrs. Morris W. Bush Scholarships.* In 1924 many applicants for the Birmingham News and Alabama Power Company Scholarships failed to receive appointments. Mrs. Morris W. Bush gave two scholarships of \$250 each to be awarded to the two alternates, Miss Eunice Foster, Birmingham, and Miss Genevieve Allen, Gadsden, for 1924-25. On account of illness both girls had to withdraw from school. These scholarships were then given to Miss Vivian Cobb, Montgomery, and Miss Eleanor Hooper, Selma, for one year. These appointments were made upon the recommendation of the president.

4. *Mrs. Victor H. Hanson Scholarship for Piano.*—Through the Alabama Federation of Music Clubs Mrs. Victor H. Hanson, Birmingham, gave a one hundred dollar scholarship in piano. This scholarship was awarded in 1923-24 to Miss Carrie Love Jones, Rockford, to be held until graduation in 1925. This scholarship has been renewed, and awarded to Miss Julia Cameron, Andalusia, for 1925-26.

5. *Margaret Isbell Hardie Scholarship.* Under the terms of the will of Mrs. Margaret Isbell Hardie (Mrs. Joseph Hardie) \$1,000 has been given to this college to establish a scholarship. Sixty dollars annual interest on this sum was available for the sessions 1923-25 and was awarded to Miss Cora Belle Maddox, Union Springs.

6. *United Daughters of the Confederacy Scholarships:*

1. Virginia Clay Clopton Scholarship.

2. Sallie Jones Scholarship.

The Alabama Division of the United Daughters of the Confederacy has raised a fund of \$2,500 for the establishment of two scholarships at Alabama College, known as the "Virginia Clay Clopton" scholarship and the "Sallie Jones" scholarship, and only the proceeds, \$200 annually, or \$100 each, can be used.

In 1924-25 the Virginia Clay Clopton scholarship was awarded to Miss Mary Trammell, Five Points, and Miss Mildred Gilchrist, Brantley.

3. *Lizzie Crenshaw Memorial Scholarship.* Mrs. J. H. Crenshaw, former president of the Alabama Division of the United Daughters of the Confederacy, presented to Alabama College the sum of \$1,250 for the establishment of the "Lizzie Crenshaw Memorial Scholarship." The interest on this sum, \$100 per annum, is to be awarded to some worthy girl on the same conditions as the other U. D. C. scholarships. This scholarship was awarded in 1922-25 to Miss Agnes Grimsley, Atmore.

The beneficiaries of the three Alabama U. D. C. scholarships have been awarded their scholarships for the session 1925-26.

To be eligible for a State U. D. C. scholarship a girl must be:

(1) A resident of Alabama.

(2) A descendant of a worthy Confederate soldier.

(3) Unable to complete her education without financial assistance.

(4) Prepared to enter a college class.

(5) Must take one of the technical courses.

(6) Must secure the endorsement of the Alabama Division U. D. C. Scholarship Committee. All applications must be sent to Mrs. L. M. Bashinsky, Troy, Alabama.

7. *Lucy Harper Hall Scholarship.* In 1911 the Stonewall Chapter of the United Daughters of the Confederacy, Chi-

cago, Illinois, established a scholarship of \$50 annually. In 1923 Mrs. Hall very generously increased this amount so that for the session of 1924-25 there were two beneficiaries. The recipients of these scholarships must be lineal descendants of Confederate soldiers and must absolutely need assistance in order to obtain an education. Applications must be made to the president of Alabama College, Montevallo, Alabama. These scholarships were awarded in the summer of 1924 to Miss Vivian Cobb, Montgomery, and to Miss Ibbie Jones, Daleville, to be held until graduation.

8. *The Fortnightly Club*, Woodward, Alabama, presented a gift scholarship of \$50.00 for one year, which was awarded to Miss Grace Black, Ashland, for 1924-25.

9. *Peterson Memorial*. Miss Laura McAlpine of Talladega gave directly to Miss Eleanor Hooper of Selma, \$100.00 as a memorial to Dr. Peterson, former president of Alabama College.

SCHOOL OF EDUCATION SCHOLARSHIPS

In 1924 the School of Education granted two teaching scholarships. These scholarships pay school expenses for the time the student is in college. In order to apply for one of these scholarships a person must have completed the two-year elementary teacher-training course at Alabama College or be a graduate from a class A normal school. Preference will be given to applicants who have had teaching experience.

The recipients of these scholarships teach half time in the training school and pursue college courses not to exceed ten credit hours per quarter.

The training furnished in the collegiate courses and the work in the training school should fit the student upon graduation to enter the supervisory field.

For the year 1925-26 it is planned to offer four teaching scholarships. The scholarships were awarded in 1924-25 to Miss Verta Mae Helms and Miss Ellen Hagood.

Applications for these scholarships should be made to the director of the School of Education, Alabama College, Montevallo, Alabama.

Alabama Contests Scholarships: In the annual High School Contests held at the college in February, 1925, the

Birmingham Age-Herald offered as a trophy in declamation a scholarship for one year's tuition for private lessons in Expression. The college offered a second trophy covering tuition for two quarters for Expression. These prizes were awarded to Misses Catherine Allen, Ensley, and Rosalie Sloan, Oneonta. In the music contest Miss Margaret Smith, Cuba, captured the \$50 scholarship in piano and Miss Mary Harris, Mobile, the \$50 scholarship in violin. As there were only two contestants in voice, no first prize was awarded, but owing to the excellence of the work the judges recommended that each be given a part of the prize originally designed for the winner. As a result each contestant in voice, Miss Anna Laura Byrne, Pine Hill, and Miss Minnie Peebles Johnson, Montevallo, were awarded a twenty dollar scholarship to the Alabama College School of Music.

II. LOAN

1. *Alumnae Scholarship.* The Alumnae Association maintains a loan scholarship whose beneficiary is elected by the Association at the annual meeting in May.

This scholarship was awarded for 1923-25 to Miss Lula Bronson Hawkins, Birmingham. Since Miss Hawkins graduates this year, the new beneficiary of this scholarship will be appointed at the annual meeting of the Alumnae Association in May, 1925.

2. *College Club Scholarships.* The following loan scholarships are offered by the clubs: Castalian, one; Philomathic, one; and Tutwiler, two. The beneficiaries are selected by the respective clubs, generally from their own membership.

3. *Federation of Women's Clubs Scholarships:*

1. *Conra McConaughy Scholarship.* \$200 annually. Awarded in 1924-25 to Miss Ann Long, Marion.

2. *Kate Morrisette Scholarship.* \$200 annually. Awarded in 1924-25 to Miss Salena Wheat, Cortelyou.

3. *Mrs. John H. Phillips Scholarship.* \$200 annually. Awarded in 1924-25 to Miss Cora Belle Maddox, Union Springs.

4. *Kate Hagan Scholarship for Music.* \$100 annually. Awarded in 1923 to Miss Alice Quarles, Mobile.

The Fourth District A. F. W. C. established a music loan scholarship in 1924 for \$250.00 a year for two years. The

beneficiary must be prepared to pursue the Supervisor's Course in Public School Music. Preference will be given to applicants from the Fourth Federation District composed of the counties of Bibb, Dallas, Greene, Hale, Lowndes, Marengo, Perry, Pickens, Shelby, Sumter, Tuscaloosa, and Wilcox. Miss Reba Dunklin, Selma, was awarded this scholarship in 1924-25.

To obtain one of these Federation scholarships a girl must meet these requirements:

- (1) Resident of Alabama.
- (2) Unable to complete her education without financial assistance.
- (3) Able to enter a class in which she may be graduated in two years.
- (4) Applicant must secure the endorsement of the college and the endorsement of the Federation Loan Scholarship committee.
- (5) Applicant must sign a note to pay back, within a stipulated time, whatever amount has been lent her.

Applications for Federation scholarships should be sent to Mrs. Bibb Graves, McDonough Street, Montgomery, Alabama.

5. *Mary Alice Mizell.* This scholarship was established in 1924-25 by Miss M. Alice Boyd, of the Department of Education, Alabama College, for \$100. For the year 1924-25 it was awarded to Miss Verta Mae Helms, Elba. This scholarship is to be held each year by a member of the Senior Class.

6. *Gadsden Kiwanis Club Scholarships.* The Kiwanis Club of Gadsden in 1923 offered scholarships to two Etowah County girls, for a period of two years each, covering all college charges. The beneficiaries are: Era Boyd, Beatrice Jones.

7. *The Gadsden Rotary Club* has given a loan scholarship of \$300 per year for four years, conditioned upon satisfactory work and deportment. It was awarded to Miss Una Franklin, Gadsden.

OPPORTUNITY SCHOLARSHIP FUND

Alabama College was fortunate in securing a loan fund of one thousand dollars from Mrs. Maud Preuit Fennel, of Leighton, Alabama. This fund was given to the college through Mr. C. M. Mauldin who is serving as a trustee of

the fund. It is entitled the Opportunity Scholarship Fund, and it is hoped that it will be added to very largely by others throughout the year who are interested in the education of young women.

The purpose of the fund is to enable students, who have reached the Junior or Senior year and cannot complete their work for the degree, to go through to graduation. Appointments to this scholarship have not yet been made for the year 1925-26. The limit to any one individual is \$200 per annum. This will be paid back by the scholarship holder after finishing at the institution.

Its purpose is not to offer *Charity* but *Opportunity*.

APPEAL FOR OTHER SCHOLARSHIPS

Alabama College is maintained by the state for the higher education of its young women, both in cultural and practical lines, to prepare them for the duties of life and for useful employment whereby they may become self-supporting.

The institution does not deny its privileges to any worthy young woman, but there are many deserving young women who cannot attend for the lack of funds. The college invites the attention of public spirited citizens to this condition and asks the consideration of an award of two hundred fifty dollars toward the education of a student for the scholastic year, the contributions thus made to be expended according to the judgment of the president.

General Information

On March 15 of each year the books of the matron are opened for reservation of rooms in the dormitory for the following session. No room is reserved until the advance fee, \$2.50, is paid, which is credited on the student's account. If after paying the fee the applicant finds that she cannot attend, it will be refunded, provided the president is notified before August 15; otherwise it will not be refunded.

In reserving room space, it is distinctly understood that the pupil must be present at the opening of the session to claim the reserved space, or a satisfactory reason for being late must be sent in advance by wire or in writing to the president; otherwise, the reserved space is forfeited and the fee will not be refunded.

An applicant can reserve space only for herself. A separate application and advance fee must be made for roommates.

When a student has enrolled, a room will be assigned her with one or two roommates. The right to change at any time, either room or roommates, is reserved by the college authorities.

All letters to students should be addressed to room number, Alabama College, Montevallo, Alabama.

No cooking is allowed in the dormitory.

Special effort should be made by students to reach Montevallo on the opening day, so that they may be classified and begin recitations with their respective classes.

Students are advised to enroll in the president's office before the close of the first day, and save payment of the late registration fee of \$2.

EMPLOYMENT OF PUPILS

Employment is offered to about forty pupils in dormitory and dining room service. For this work fair and reasonable compensation is paid. The pupils so employed can use the money thus earned in paying a part of their college expenses. As a matter of fact, all who are so employed pay a large part of their college dues in this way.

HEALTH

To care for the health of the students the college maintains a modern, well-equipped hospital—Peterson Hall—with a capacity of thirty-six beds. A full-time woman physician and a trained nurse live in the hospital.

Daily office hours are held for consultation. As soon as college opens, the physician, in co-operation with the department of physical education, makes an examination of every student.

RECORDS AND GRADES

Final grades for each quarter are recorded and preserved. In determining these grades, daily work, laboratory work, and written work are combined with the final examinations.

The grades are indicated by letters which have the following value: A—90-100; B—80-90; C—70-80; D—60-70; E—50-60; F—0-50; X—Absent from examination.

The passing grade is D. E indicates condition which may be removed by examination. F indicates that the work must be done over in class. In the case of junior and senior students who take freshman or sophomore subjects, the passing grade is C.

Students who are absent more than one-third of the total number of recitations during any quarter are not allowed the privilege of final examinations except by special permission of the dean—but are required to take the work over in class.

QUARTER SYSTEM

The session of 1921-22 inaugurated the quarter system, which succeeds the year plan. In this new division of the academic session, the year consists of four quarters of approximately twelve weeks each, designated as autumn, winter, spring and summer. A student may enter at the beginning of any quarter, and resident study during any three quarters is the equivalent of one year, or two semesters under the previous schedule. This plan makes it possible for a student, who is physically strong enough to stay in school with short vacation, to complete the college course in a shorter time than is usually required. Ninety-six quarter hours constitute the two-year course, and one hundred ninety-two quarter hours constitute the four-year course. By

attending the summer quarter a student can thus shorten the length of time required to complete the college course. The ninety-six and one hundred ninety-two quarter hours are exclusive of the physical education work.

UNIT OF CREDIT

The unit of credit is the quarter hour, which bears the same relation to the quarter that the semester hour or year hour does to the semester or year, that is, a course pursued in three hours of recitation each week for a quarter gives the student three hours' credit. As a rule, two hours of laboratory work count as one hour of recitation or lecture. The usual schedule of work for a college student is sixteen hours each quarter, exclusive of physical education. Thus, one hundred ninety-two hours, exclusive of physical education, are required for graduation.

BOARDING ARRANGEMENTS

About 700 boarders can be accommodated in the three dormitories. Assignment of rooms is made according to the date of application.

Only single or three-quarter beds are used.

Each student is expected to keep her room in order.

The evening study period is for two and one-half hours—7:00 to 9:30.

Each student should bring with her: 1 teaspoon, 1 bed-spread, 1 glass, 1 pillow, 2 pillow cases, 4 sheets, 1 pair of blankets, 1 comfort, 1 umbrella, 6 towels, 6 table napkins, 2 clothes bags, 1 rain coat, 1 pair overshoes.

Use of Typewriter.....	2.00

MUSIC FEES

See School of Music.

Note: *Advance fee for room reservation.* A student desiring to reserve room space before entering college should send an advance fee of \$2.50 with application. This amount will be credited on her account.

After beginning lessons in either piano, voice, violin, or cello, tuition will not be refunded, but in case of continued illness the lessons will be made up.

EXPRESSION FEES

	<i>Session.</i>	<i>Quarter.</i>
One extra class lesson per week.....	\$ 9.00	\$ 3.00
One private lesson per week and practice.....	36.00	12.00
Two private lessons per week and practice	60.00	20.00

OUT OF STATE STUDENTS

Pupils from other states than Alabama will be charged an additional fee of \$24 payable \$8 per quarter with the regular payments.

LOCAL STUDENTS

Local students, or those not boarding in the dormitory, do not pay the college for room, board, and laundry or for medical and medicine fee, but must pay tuition and other fees on the first day of each term.

PAYMENTS DUE

All charges are payable in advance, in three installments, on the first day of each quarter as follows:

September 14—Room, board, laundry, tuition and other general fees.....	\$96.50
December 7—Room, board, laundry, tuition and other general fees	96.50
March 8—Room, board, laundry, tuition and other general fees	96.50

In addition to these amounts for all boarding students, the music, expression, and special laboratory fees must be paid on the same date by students taking these subjects.

These rates are for students who live in Alabama and who attend the entire session. No period of less than three weeks at entrance will be considered in a reduction of the charge for room, board and laundry. Students who enter more than three weeks after the beginning of a term will be charged all of the fees for that term and for room, board, laundry, at the rate of one dollar per day from the date of entrance to the date of the next regular payment. The payment must always be made on entrance.

ESTIMATED EXPENSE FOR FIRST QUARTER

The foregoing is an account of the expense for the entire session and for each quarter. Below we give an estimate of the amount of money a student boarding in the dormitory should be provided with on entering the school. This amount, of course, will vary according to the class which a student enters, and to the course she takes. A student taking music is required to buy her own music and a metronome. Since the cost of books used in different classes and courses varies, the estimate given below should be taken not too literally.

Tuition fee (the same for all).....	\$12.50
General fees (the same for all).....	12.00
Room, board, laundry (same for all).....	72.00
Books, etc. (may be more or less).....	15.00

A prospective student, therefore, when she leaves home should be provided with \$111.50 in addition to her traveling expenses, in order that she may enter school, procure

books, etc., and begin recitations without delay. Should the student take music, expression, or any of the other subjects, for which a special laboratory fee is charged, she should be prepared to pay those fees. All students from states other than Alabama should be provided with \$8 in addition to the amount mentioned above.

REFUND

A student who withdraws before the end of a term will receive a rebate on room, board, and laundry, determined in the following manner:

She will be charged one dollar per day from the beginning of the quarter to the date her resignation is in the hands of the president and this amount will be deducted from the payment for board for the whole quarter. The amount remaining will be refunded to her. No refund is allowed for a leave of absence.

In no case will any part of tuition or any other fee before mentioned be refunded.

College Standards

ABSENCES

1. *Absence from College.* Excuses for absence from college will be granted only on written request from parent or guardian. Always, except in case of personal illness, or death in the family, a student will be penalized by the deduction of five per cent from the quarter's daily grade for each class missed. The president or dean issues excuses for absence from college.

2. *Absence on Account of Illness.* In case of temporary illness the student must secure excuses from the college physician. Excuse for illness when on leave of absence can be granted only on the statement of a physician.

3. *Time for Submitting Excuses.* Excuses for absence from classes must be submitted within five days after the period of absence.

4. *Penalty for Absence.* While the regular penalty is a deduction of five per cent from the quarter's daily grade in each class missed, absence immediately before and after the Christmas holidays counts three times as much as at any other time.

CHANGES IN COURSE OF STUDY

All changes in course of study must be passed upon by the dean before they become valid. No changes will be allowed after the third week from the date of entrance.

The usual number of hours required of a student is sixteen, plus one hour for physical education. By special permission, however, a student may be allowed to take as many as twenty hours, if her scholastic standing is sufficiently high to warrant it. Any pupil who enters a class which is not listed on the instruction card and without the permission of the dean will not be given credit for the work so taken.

LATE REGISTRATION

A pupil who enters at the beginning of any quarter will find it easy to take up regular courses leading to a degree or

diploma. Those who enter in the middle of a quarter will be required to take fewer hours in order to make up the whole quarter's work in the subjects taken.

CLASSIFICATION

To rank as a member of the freshman class, a student must have presented fifteen units of high school credit.

To rank as a member of the sophomore class, a student must have forty quarter hours' college credit in addition to the fifteen high school units required for admission to the freshman class.

To rank as a member of the junior class, a student must have ninety quarter hours' college credit in addition to the fifteen high school units required for admission to the freshman class.

To rank as a member of the senior class, a student must have one hundred forty quarter hours' college credit in addition to the fifteen high school units required for admission to the freshman class.

SCHOLARSHIP REQUIREMENTS

The following represents the basis upon which credits and grade-points are earned and recorded:

<i>Grade.</i>	<i>Significance.</i>	<i>Hours.</i>	<i>Grade-Points.</i>
A	Excellent	3	9
B	Good	3	6
C	Fair	3	3
D	Barely Passed	3	0
E	Conditional	0	0
F	Failure	0	—3

Grade-points for advanced credit are given on the basis of C, or three for each three hours of credit. One-hour, two-hour, and four-hour courses will be credited on the ratio of a three-hour course.

Courses Leading to Graduation: The following are the requirements common to all degree courses:

1. Each applicant for a degree must show credit for 192 quarter-hours of work in keeping with the course she is pursuing, plus 12 quarter-hours of physical education and 204 grade-points.

2. For graduation in the two-year courses, each applicant must complete 96 quarter-hours, plus 6 quarter hours of physical education and earn 102 grade-points.

(Note: Under special conditions a student may be excused from physical education, but such excuse will be granted only on the recommendation of the college physician. For such cases students will substitute credits earned in other courses to meet the deficiency in physical education.)

3. Two years of English are required of each applicant for a degree.

4. Should any student fail to earn the requisite number of grade-points by the time she has completed the course specified for a given degree, certificate, or diploma, she must accordingly complete additional hours of work corresponding to the number of grade-points below the requirements.

5. In case of students who have transferred credits from other institutions the average of the work done during the first year at Alabama College will be taken as the average of the work so transferred, and this average plus the average earned at Alabama College will be the basis upon which grade-points are counted and honors awarded.

6. No student will be allowed to take more than 18 hours of work without an average of B in the previous term's work with the consent of the physician, the head of the department, and the dean.

HONORS

1. A student, who completes the work for a degree with as many as 510 grade-points to her credit, will be graduated with *highest honors*, and this fact will be cited with the degree.

2. A student who completes the work for a degree with as many as 408 grade points and not more than 509 will be graduated with *honors*, and this fact will be cited with the degree.

PROBATION AND DISMISSAL

1. A student, whose general average is below D at the end of the first or second quarter, will be required to withdraw, or placed on probation, at the discretion of the dean and the heads of the departments concerned.

2. If a student has taken 51 quarter hours of work, whether she has passed it or not, and has fallen 45 below the standard number of grade-points, one grade-point for each hour of work pursued, she is subject to enforced withdrawal at the end of the third or any subsequent quarter.

3. The college invites those who desire an education and who are willing to work whole-heartedly for the maintenance of high standards of conduct and scholarship. The college reserves the right to ask for the withdrawal of any student whose general conduct and attitude show definitely that she is a misfit at this institution and that she does not purpose conforming to its spirit, its standards, and its ideals. In a case of this kind a formal and specific charge will not be necessary.

COLLEGE ORGANIZATIONS

Requirements: To be eligible to represent the college *on any organization* in public performance off the campus, a student must have passed all her work for the quarter immediately preceding and show a satisfactory conduct record.

SPECIAL ENGLISH REQUIREMENTS

Students who are especially deficient in English are required to do additional work in spoken or written English before they are permitted to receive degrees. Such students will be notified of the necessity of taking additional English work in their junior year. If such deficiency has not been made up before the beginning of the third quarter of her senior year the student will be notified of the necessity of postponing her degree until such time as the deficiency may have been made up. This notification will be sent by the dean at the beginning of the last quarter of the senior year.

Deficiencies, such as would warrant additional requirements in English, should be reported by the heads of all departments in the college.

STANDARDS OF CONDUCT

It is earnestly desired that young women attending college shall have every privilege consistent with their welfare, and the purpose for which they are here. So far as is prac-

tical, regulations are dispensed with; but the College is deeply conscious of the responsibility placed upon it by the parents and guardians of the young women entrusted to our care. Every effort is, therefore, made to keep constantly in their minds the importance of high social standards, and to create a healthful and refining social atmosphere.

The Student Government Association, subject to the approval of the college authorities, adopts such regulations as are necessary for the social life of the college community. Every college student is expected to co-operate with the Executive Board and Senate in the observance of these regulations and to uphold their standards of conduct. All students are required to be on the campus by six o'clock in the evening; except from October first to March first when they must be on the campus by 5:30. At no time must they be off the campus after dark without permission. Young women are permitted to receive visits from young men Saturday and Sunday. The calling hours are from 2:00 to 6:00 P. M. and from 7:00 to 9:30 P. M.

Students will not be allowed to remain in Montevallo after they have left the college for holidays or at commencement unless a written request for this privilege is addressed to the dean by the parent or guardian of the student and approved by him. Students wishing to visit homes in Montevallo must have written permission from their parents addressed to the social director and approved by her.

The college never grants permission to students to open accounts with the merchants of Montevallo. It discourages the making of such accounts and all unnecessary expenditures.

Admission to College

METHODS OF ADMISSION

There are four methods of gaining admission to the freshman class.

1. *By Certificate from an Accredited School.* The requirement for admission by certificate is as follows:

A diploma from a standard high school or a certificate showing credit for 15 units work and for four years of attendance in high school or high school and summer school combined.

If the 15 units certificate shows credit for only three years of attendance, the applicant must take entrance examination on three units' work in fourth year high school subjects. If the certificate shows credit for $3\frac{1}{2}$ years of attendance she must take an entrance examination on one unit's work in a fourth year high school subject.

2. *By Certificate and Examination.* A graduate from a non-accredited school who presents a certificate covering the work required for admission may be exempted from a part of the entrance examinations, provided the general character of the school attended in the opinion of the admission committee justifies such exemption. In such cases examinations are required in: one unit of rhetoric and composition, one unit of English classics, one unit in history of literature, one unit of algebra, one unit of geometry, and one unit of history.

A first grade teachers' certificate will entitle the applicant to five and one-half units' credit. Algebra, 1 unit; plane geometry, 1 unit; rhetoric, composition and literature, 2 units; United States history, 1 unit; physics, $\frac{1}{2}$ unit.

3. *By Examination.* An applicant who does not present a satisfactory certificate is required to pass examination on 15 units of high school work including the prescribed subjects. Examinations for admission will be held next session on September 14.

4. *Special Students.* Applicants twenty years of age or over who desire to pursue special courses may be admitted without formal examination.

PRESCRIBED SUBJECTS

Of the fifteen units of high school work required, the following are prescribed:

English	3 units
Mathematics	2 units
History	1 unit

The remaining units may be selected from the other subjects that are accepted for admission, provided not more than four units are offered in vocational subjects.

COURSES LEADING TO A.B., B.S., B.Mus., DEGREES

The degrees of bachelor of arts, bachelor of science, and bachelor of music have been granted by the college since the 1923-24 session.

Requirements. The following are the requirements common to all degree courses:

1. Each applicant for a degree must show 192 quarter hours of credit, plus 12 quarter hours of physical education.

Under special conditions a student may be excused from physical education but such excuse will be granted only on the recommendation of the college physician.

2. Two years of English are required of each applicant for a degree.

TWO-YEAR CERTIFICATE COURSES

The demand is so great for teachers of the special subjects mentioned above that Alabama College has deemed it wise to offer special two-year courses for those who will not

be able to finish college, in order that it may supply more adequately the needs of the state along these lines.

The following two-year courses are outlined for the coming year: Home Economics, Music, and Secretarial Course.

The two-year course in Home Economics prepares the student to teach Home Economics in the elementary and junior high schools of the state.

The two-year Supervisor's Course in Music equips the pupil to teach or supervise music in the elementary schools.

The Secretarial Course is designed to take care of those who wish to enter business life. It prepares them in stenography, bookkeeping, business arithmetic, commercial law, and business English.

For regulations governing State Teachers' Certificates see School of Education.

EXTENSION DIVISION

The first extension service was begun in the session of 1922-23 when five groups of teachers in Shelby County were given instruction by the college faculty. Since that time the program has expanded each year. Dr. H. W. James has acted as extension director for the past two years. In 1923-24 eleven groups of teachers in six counties were served; 1924-25 thirteen groups of teachers in seven counties were served.

In addition to this, the college announced in 1924-25 for the first time its correspondence study course, its lecture, entertainment and general information service to the people of the state. It is hoped that by these means all the people may be helped either directly or indirectly by Alabama College. Anybody who is interested in any of these features should write to the director of the extension division for an extension catalog.

DEGREE AND CERTIFICATE COURSES

Entrance Requirements. An applicant for admission to the freshman class in either a certificate or degree course must present fifteen units of high school work. These fifteen units must include three units of English, two units of Mathematics (one unit of Plane Geometry and one unit of Algebra) and one unit of History. The other nine units may be chosen from the subjects accepted for admission,

provided not more than four units are offered in vocational subjects. These credits may be granted either on units from an accredited high school or entrance examinations.

Special Students. Applicants twenty years of age or over who desire to pursue special courses may be admitted without formal examinations, but must give evidence of adequate preparation to the instruction committee and to the head of each department in which the courses are sought.

If a special student desires to room in the dormitory, she must carry at least fourteen hours of work, six or more of which must be in academic subjects. She must conform to all regulations as other students.

In no case does the special course lead to a diploma or degree.

Advanced Standing. A student may be admitted to advanced standing by presenting credits from an approved institution of collegiate rank.

Degree Courses. A.B., B.S., B.Mus. The degrees of Bachelor of Arts, Bachelor of Science, and Bachelor of Music will be granted upon the completion of the prescribed courses.

Requirements. The following are the requirements common to all degree courses:

1. Every student applying for a degree must show one hundred ninety-two quarter hours of credit plus twelve quarter hours of physical education.

(a) Under special circumstances a student may be excused from physical education, but such excuse must come from the dean on the recommendation of the college physician.

2. No credit will be granted for work done outside of class.

Certificate Courses. Three two-year courses are provided for those who wish to specialize for professional work without going on to a college degree. In order to be eligible for admission to these courses, a student must meet the college entrance requirements as in the case of degree courses. These courses are:

Two-Year Home Economics Course,
Supervisor's Course in Public School Music,
Secretarial Course—Stenography, Accountancy, etc.

Bachelor of Arts Degree

The aims of this course are to give the student a general cultural education and to provide for the selection of a major academic subject in which the student has a special interest.

The following departments are open to candidates for the Bachelor of Arts Degree:

- | | |
|---------------------------------------|---|
| I. English | IX. Art |
| II. History | X. Music |
| III. Foreign Language | XI. Mathematics |
| IV. Education | XII. Secretarial |
| V. Expression | XIII. Science—Natural,
Biological |
| VI. Sociology, Philosophy, Psychology | XIV. Miscellaneous subjects—Bible, Library Management, etc. |
| VII. Home Economics | |
| VIII. Physical Education | |

REQUIREMENTS FOR GRADUATION

1. Before graduation a student must complete a major course of not fewer than thirty-six quarter hours to be chosen from one of the following groups: I, II or III. If major is chosen from group III twenty-seven quarter hours must be from one language.

2. Eighteen quarter hours must be chosen from groups I, II, and III.

(a) The eighteen quarter hours taken from group III must be in one language.

(b) Two high school units in one foreign language reduce the requirement to nine quarter hours.

3. Nine quarter hours must be chosen from group XI.

4. Nine quarter hours must be chosen from group XIII.

5. Twelve quarter hours must be chosen from group VIII.

6. Only thirty quarter hours may be selected from the technical courses VII, VIII, IX, X, and XII.

7. Credit towards a degree will not be given for a course which duplicates work already done in college or preparatory school.

COURSE NUMBERS

A new system of numbering the courses has been agreed upon by the faculty. The plan is as follows:

For Freshman courses numbers 101, 102, 103; 111, 112, 113; 121, 122, 123; 131, 132, 133; 141, 142, 143 are used for continuous courses extending through the full three quarters.

For Freshmen courses that extend through only one or two quarters numbers 151, 152, 153; 161, 162, 163; 171, 172, 173; 181, 182, 183; 191, 192, 193 are used.

Such courses as are repeated within the year are numbered in multiples of ten. One quarter courses are numbered from zero to forty inclusive, while two quarter courses that are repeated are numbered from fifty to ninety inclusive, using figures 1, 2, 3, or 4 to denote hundreds in accordance with the class in which course is given.

For courses in other departments that carry education credit add decimal point and number corresponding to department number.

The first number represents the class and the last number the quarter in which the course is given.

The numbers 101 to 143 represent continuous courses given in the fall, winter, and spring terms respectively. The numbers 151 to 193 represent courses for one or two quarters in fall or winter or spring respectively.

For Sophomore, Junior, and Senior courses, numbers 201 to 293, 301 to 393 and 401 to 493 respectively are used.

THE DECIMAL USED IN NUMBERING

The decimal point is used to indicate that education credit is given for the course. Each subject is given a number of its own to use after the decimal point. The following is the key:

- | | |
|-------------------------------|-----------------------|
| .1 Agriculture and
Biology | .5 Expression |
| .2 Art | .6 History |
| .3 Chemistry | .7 Mathematics |
| .4 English | .8 Physical Education |
| | .9 Music |

SUGGESTED COURSE FOR BACHELOR OF ARTS DEGREE

Students taking the A.B. degree may major in English, History, or Foreign Language. Such students have a wide range of subjects from which to choose electives; in fact, they are only limited by the requirements as set forth above. Each student who expects to secure the A.B. degree must take thirty-six hours in one of the major subjects.

Inasmuch as the majority of students who take the A.B. degree may desire to teach, the course outlined below is suggested for the regular bachelor of arts students. Upon the completion of this course a student is qualified for the Class A Professional Secondary Certificate.

Bachelor of Science Degree

A student desiring a bachelor of science degree may major in one of the three following subjects: Art, Home Economics, and Physical Education.

The minimum requirements for the bachelor of science degree, majoring in any subject are as follows:*

English 18 hours
History 9 hours
Science 9 hours

Foreign Language 18 hours
Physical Education 12 hours

In addition to these requirements a candidate for graduation must show a minimum of thirty-six hours in her major subject.

It will be noted from the outline of courses given below that in each course there are additional requirements in fundamental academic subjects. The aim has been to provide that at least half of the work required for the B.S. degree shall be in fundamental academic subjects.

Changes in courses of study as set forth herein affect only incoming freshmen. Students may continue in the course as it was at the time of their admission to the college.

BACHELOR OF SCIENCE DEGREE MAJORING IN ART

This course leads to a B.S. degree and to a state certificate to teach art in elementary or high schools. Students desiring a general art course may substitute science, mathematics, or history for education. Juniors and seniors not preparing to teach, see General Commercial Art and modeling and pottery courses for requirements.

In all outlines of courses, the number after a subject denotes the number for that subject as given in departmental announcements. The number at the end of the line indicates the number of credit hours. Numbers in parentheses are laboratory hours or part laboratory hours—the credit for such laboratory hours is given after the parenthesis.

*Those taking the Teacher Training Course in Home Economics may be excused from Foreign Language.

Bachelor of Music Degree

The degree of bachelor of music will be awarded upon the completion of a prescribed four-year course majoring in Piano, Voice, Violin, Cello or Public School Music. In addition to securing the bachelor of music degree a student may at the same time obtain either a soloist's diploma, a teacher's diploma, or a public school music supervisor's diploma.

The soloist's diploma is given only to such students as show pronounced musical talent with exceptional aptitude for the particular branch of music selected for the major subject.

The teacher's diploma is given to such students as have talent and exhibit intelligence in mastering the principles of musical art but who are not sufficiently brilliant as performers as to become concert artists.

The public school music supervisor's diploma is given to those students who successfully complete the supervisor's degree course. It is planned to fill the needs of those students who wish to fit themselves as high school music teachers and supervisors of public school music.

Below are given the outlines of the courses for the bachelor of music degree with Piano, Violin, Cello, Voice, or Public School Music as majors.

TWO-YEAR CERTIFICATE COURSES

Alabama College still maintains three two-year certificate courses; one in music, one in home economics, and one in secretarial science. As stated before, the demand is so great for teachers of these special fields, and in the business world for those who take the secretarial course, that it has been deemed wise to continue the two-year courses. Below are the outlines of the two-year courses:

Departmental Announcements

For Freshman courses numbers 101,102,103; 111,112,113; 121,122,123; 131,132,133; 141,142,143 are used for continuous courses extending through the full three quarters.

For Freshman courses that extend through only one or two quarters numbers 151,152,153; 161,162,163; 171,172,173; 181,182,183; 191,192,193 are used.

Such courses as are repeated within the year are numbered in multiples of ten. One quarter courses are numbered from zero to forty inclusive, while two-quarter courses that are repeated are numbered from fifty to ninety inclusive, using figures 1, 2, 3, or 4 to denote hundreds in accordance with the class in which course is given.

For courses in other departments that carry Education credit add decimal point and number corresponding to department number.

The first number represents the class and the last number the quarter in which the course is given.

The numbers 101 to 143 represent continuous courses given in the fall, winter, and spring terms respectively. The numbers 151 to 193 represent courses for one or two quarters in fall or winter or spring respectively.

For Sophomore, Junior, and Senior course numbers 201 to 293, 301 to 393 and 401 to 493 respectively are used.

THE DECIMAL USED IN NUMBERING

The decimal point is used to indicate that Education credit is given for the course. Each subject is given a number of its own to use after the decimal point. The following is the key:

- | | |
|----------------|-----------------------|
| .1 Agriculture | .6 History |
| .2 Art | .7 Mathematics |
| .3 Chemistry | .8 Physical Education |
| .4 English | .9 Music |

BIBLE AND RELIGIOUS EDUCATION

MR. P. H. CARMICHAEL

The courses in this department, though continuous, may be taken up at the beginning of any quarter.

Bible 101, 102, 103. Many events of the Gospel narrative are recorded by two or more writers. This course is planned to lead the student through the four Gospels in the time order of events, studying in parallel all portions recorded by more than one author. The purpose of the course is to give the student a general survey of the Life of Christ, and to kindle an enthusiasm for Bible study by simple interpretations. Credit, 2 hours per quarter.

Bible 301, 302, 303. This course will follow, as a basis for study, the last twelve books of the Old Testament commonly known as the Minor Prophets. Consideration will be given to the general structure of the Old Testament that the student may have some idea of its literary value and the relationship of its various parts. The purpose of this course is to introduce the student to some of the beauties of Old Testament writings. Open to all students except freshmen, who may be admitted by special permission of the instructor. Credit, 2 hours per quarter.

Bible 401, 402, 403. This course begins with a careful study of the Sunday school, pointing out the weaknesses of the past and present status of the school as an institution for religious education. The course will be concluded with a careful study of the importance of the family in religious

education. The increasing demand for trained religious leaders should make this course of especial value and interest to every college student. Open to juniors and seniors. Credit, 2 hours per quarter.

COURSES ANNOUNCED IN THE SCHOOL OF EDUCATION

Four-Year Course for Elementary Teachers. At present the standard of training for teachers in Alabama is two years professional training beyond the high school. Those elementary teachers who have desired training beyond that of the two-year course have been forced to go out of the state for such work. There is a demand for a four-year professional training course for elementary teachers and it is to meet this need that Alabama College announces the degree course in elementary education. Students with ability who have completed this course and who have taught several years should be qualified for supervising positions. *All certificates to teach in elementary schools are based upon this course.*

Four-Year Course for Students Who Wish to Teach in High School. All students who wish to obtain a certificate to teach the fundamental high school subjects must enroll in this course. With the present status of public high schools in Alabama, there is a need for combination teachers. Students finishing the course for secondary teachers will have had a major and minor subject and will be prepared to meet the demands of the Alabama schools. Many high schools are putting in work in the special subjects of art, expression, home economics, music, physical training, etc. Alabama College offers an excellent opportunity for a student to take a minor in these subjects with a major in academic work. Teachers with such qualifications are in great demand in the high schools of the state and usually receive a bonus in salary over other teachers.

Organized Courses for Teaching in the Special Fields. In addition to the teacher-training courses in the academic subjects the following courses are outlined for teaching in the special fields:

B.S. in Art with Education

B.S. in Home Economics with Education

B.S. in Physical Education with Education

B.M. in Piano, Voice, Violin, Cello and Public School

Music

Two-year teachers' course in Home Economics

Two-year teachers' course in Public School Music.

(The outlines of the above courses are given in other parts of the catalog and will not be repeated here.)

Four-Year Course for Students Desiring an Elementary Teachers' Certificate. The purpose of this course is to give four years of professional training in the elementary and junior high school fields. This course is adapted to those students who may be compelled to leave school before completing the four-year course. The type of certificate granted will depend upon the amount of professional training the applicant has received. The course is also organized to fit the needs of normal school graduates, who will be permitted to enter the third year of the course. In choosing electives, the regular bachelor of arts requirements must be met.

Four-Year Course for Students Wishing to Teach in High School. The purpose of this course is to give four years of professional training in the secondary field. The course conforms with the State Department of Education requirement that students wishing to receive a Class A Professional Secondary Certificate must complete a definitely organized course. Only those students completing the requirements as outlined below will be recommended for this certificate.

COURSE FOR STUDENTS PREPARING TO TEACH IN HIGH SCHOOLS

Students taking the A.B. degree may major in English, History, or Foreign Language. Such students have a wide range of subjects from which to choose electives; in fact, they are only limited by the requirements as set forth above. Each student who expects to secure the A.B. degree must take thirty-six hours in one of the major subjects.

Inasmuch as the majority of students who take the A.B. degree may desire to teach, the course outlined below is suggested for the regular bachelor of arts students. Upon the completion of this course a student is qualified for the Class A Professional Secondary Certificate.

SUGGESTED GROUP ELECTIVES FOR STUDENTS ENROLLED IN THE COURSE DESIGNED FOR HIGH SCHOOL TEACHERS

There is a need in Alabama for teachers of academic subjects who can give some aid in the special fields. Such teachers usually receive increased pay for this additional service. Alabama College is especially adapted for giving this training. The special fields of art, expression, home economics, music, and physical education are developed in this school to a high degree.

The course for high school teachers has been outlined to permit students, who wish, to elect a group of electives in a special field. Suggested group electives are given below:

ART

Art 111.2, 112.2, 113.2	9
Art 211.2, 212.2, 213.2	6
(The above includes work in painting, lettering, bookbinding, stenciling, batik and basketry.)

TEACHERS' CERTIFICATES

Class B Elementary Certificate—Upon the completion of the prescribed course of one year of the four-year teacher-training course for elementary teachers, the student has fulfilled the state requirements for a class B elementary certificate. This certificate is valid for one year and can be renewed only by completing an additional twelve weeks course of study in a college approved by the State Board of Education.

Class A Elementary Certificate—Upon the completion of at least two years of the four-year teacher-training course for elementary teachers, the student has fulfilled the state requirements for a class A elementary certificate. This certificate is valid for six years subject to the conditions of renewal during the last three years.

Advanced Elementary Certificate—Upon the completion of the prescribed A.B. course in Elementary Education the student becomes eligible for an advanced elementary certificate. Application has been made to the State Department for the granting of this certificate. Due to the necessity for complete investigation the details of this certificate have

not as yet been worked out. Assurance is given that students will be given recognition for this advanced work.

Class B Secondary Certificate—A student who has completed the first three years of the course outlined for high school teachers is eligible for a class B secondary certificate. This certificate is valid for one year, and can be renewed only by completing an additional twelve weeks course of study in a college approved by the State Board of Education.

Class A Secondary Certificate—Upon the completion of the Bachelor of Arts course in Secondary Education a student becomes eligible for a class A secondary certificate. This certificate is valid for six years and is subject to renewal in three-year periods.

SPECIAL CERTIFICATES

Art—Upon the completion of the teacher-training course in art a student becomes eligible for a special certificate to teach art in the elementary or high school. This certificate is valid for three years, and may be renewed.

Home Economics for Junior High School—Upon the completion of the two-year course in home economics, which includes twenty-four quarter hours of professional work, a student becomes eligible for a special certificate to teach home economics in a junior high school. This certificate is valid for three years and may be renewed.

Vocational Home Economics—Upon the completion of the four-year home economics course, which includes twenty-seven quarter hours of professional work, a student becomes eligible for a certificate to teach vocational home economics and science in a senior high school. This certificate is valid for three years and may be renewed.

Music—Upon the completion of the degree course in music, a student becomes eligible for a certificate to teach piano, violin, or voice, according to the major studied. This certificate is valid for three years, and may be renewed.

Public School Music—Upon the completion of the two-year course in music, which includes twenty-four quarter hours of professional work, a student becomes eligible for a special certificate to teach or supervise public school music. This certificate is valid for three years, and may be renewed.

Physical Education—Upon the completion of the B.S. in physical education, which includes twenty-seven quarter hours of professional work, a student becomes eligible for a certificate to teach physical education in the elementary grades or in high school. This certificate is valid for three years and may be renewed.

EXPLANATION OF SPECIAL CERTIFICATES FOR TEACHERS

By these are meant certificates which entitle the holder to teach or supervise in one of the special fields, i. e., art, expression, home economics, music, or physical education.

The requirements of the State Department of Education for obtaining a Special Professional Certificate in any given field are as follows:

“To be eligible for the special professional secondary certificate in any subject a person shall have been graduated from an approved college which maintains a school or department of education. The applicant must show that she has completed a course approved by the State Department of Education. She must also submit evidence of having completed the following prescribed courses in education:

Educational Psychology

Principles of Education

Methods of Special Subject

Supervised Observation and Teaching in Special Subjects.

“These courses shall aggregate 18 quarter hours. Nine quarter hours additional must be submitted from the following courses:

General Psychology

High School Methods

Junior High School

City High School Problems

Rural High School Problems

and such other educational courses as may be approved by the department.

“Two units of high school work in special subjects are a prerequisite to the college work.

“Evidence must also be submitted showing that the applicant has completed 45 quarter hours in special subject and a related minor of 27 quarter hours approved by the department.”

SCHOOL OF EDUCATION SCHOLARSHIPS

In 1924 the School of Education granted two teaching scholarships. These scholarships pay school expenses for the time the student is in college. In order to apply for one of these scholarships a person must have completed the two-year elementary teacher-training course at Alabama College or be a graduate from a class A normal school. Preference will be given to applicants who have had teaching experience.

The recipients of these scholarships teach half time in the training school and pursue college courses not to exceed ten credit hours per quarter.

The training furnished in the collegiate courses and the work in the training school should fit the student upon graduation to enter the supervisory field.

For the year 1925-26 it is planned to offer four teaching scholarships. The scholarships were awarded in 1924-25 to Miss Verta Mae Helms and Miss Ellen Hagood.

Applications for these scholarships should be made to the director of the School of Education, Alabama College, Montevallo, Alabama.

TRAINING SCHOOL

A necessary feature of the School of Education is the Training School. An agreement between the town of Montevallo and the College provides the use of the Montevallo-Aldrich school as a training school. The director and the supervising teachers are members of the faculty of the School of Education.

In its present organization the Training School has three divisions; the elementary division, comprising the first six grades; the junior high school division, comprising the seventh, eighth and ninth grades; and the senior high school division, made up of the tenth, eleventh and twelfth grades. This is the 6-3-3 plan which has been adopted by the State Department. Pupils of this school are drawn from no special class, but are typical Alabama children from typical Alabama communities. This fact offers a superior advantage to college students in that it provides an opportunity for them to do their practice teaching in a public school environment.

PLACEMENT BUREAU

The School of Education conducts a Teacher Placement Bureau which places students or former students free of charge. The Bureau is handled very similarly to the commercial teacher agencies. The aim of this bureau is to bring the school administrators and students or alumnae of Alabama College in touch with each other. In attaining this end, care is taken to avoid any partiality. The aim is to assure school administrators and prospective teachers real service from the bureau.

The plan of the bureau includes the following steps: In the spring of the year before teachers are elected, a list of all students available for teaching positions for the ensuing year is sent to the school administrators in Alabama. Following the name of each candidate is a description of her qualifications. (This has had the effect the past year of placing all of the four-year graduates in teaching positions some time before the date of their graduation. Most of the candidates had the choice of several positions.) One feature of the plan that has contributed to its success is that of collecting confidential statements directly from the references named by the candidates. By having these confidential statements on file the bureau can give immediate service to school superintendents and principals, by suggesting candidates and by sending school men an unbiased rating of persons who are qualified to judge upon the teaching ability of the applicants. This service is free to all students and alumnae of Alabama College.

THE EXTENSION DIVISION

Another line of service which is incorporated under the School of Education is the extension service. A new spirit pervades the American college of today. It recognizes it a duty as well as a privilege, not only to instruct the students within its walls, but to serve the entire state as far as possible.

Alabama College, the state college for women, has a unique place in the educational program of Alabama; hence it wishes to project its influence and service into the communities and homes as well as to train those who live on the campus. The following program is announced for the year 1925-26:

I. Correspondence Courses—Many of the courses given at the college may be taken through correspondence by those meeting the requirements for such courses.

II. Study Center Courses—Several groups were organized and received instruction from members of the faculty in former years. These courses were given where twenty were found who desired the same subject. In 1923-24 eleven centers were conducted with an enrollment ranging from twenty-five to fifty-five each, while in 1924-25 there were thirteen centers.

III. Lectures, Recitals and Concerts—The college faculty numbers among its members lecturers, artists, and composers of wide reputation and acknowledged ability. These are available for a limited number of engagements. For terms and dates apply to the Director of Extension Service.

IV. Bureau of Educational Information—From time to time Alabama College issues bulletins concerning special educational features here and elsewhere for the general information of the people of the state. As far as possible these bulletins will be mailed to any address on application.

PURPOSE

Alabama College School of Music aims to develop musicians in a broad and thorough way, so as to enable them to meet the great demands made upon professional musicianship of today. There never has been a time when music was so universally employed and when the thoroughly trained musician could exercise such extended influence. The school provides an unusual opportunity for music study in that it offers a faculty of highly trained artists and teachers, together with a modern building and excellent equipment to carry on the work under ideal conditions.

BUILDING AND EQUIPMENT

Calkins Hall is a beautiful brick and carved stone structure, erected in 1917 for the exclusive use of the School of

Music and is named after the late Charles Rendall Calkins, who was Director of Music from 1913-1921. It contains approximately fifty rooms—all designed for the special purposes for which they are used. The equipment is the best and most complete that could be secured. Steinway and Knabe grands, and Kingsbury and Star uprights form the Auditorium, Recital Hall, Studio and Practice Room equipment. The piano studios are equipped with two pianos, a feature seldom found outside of the best private studios of the great centers of music.

ADMISSION TO SCHOOL OF MUSIC

A. Students may be received as candidates for diploma or certificate as follows:

1. *Degree of Bachelor of Music:*

(a) With Soloist's Diploma—Given only to such students as possess pronounced musical talent, with exceptional aptitude for the particular branch of music selected for the major subject. The mere fulfilling of catalog requirements will not cause the student to receive the diploma; she must develop her unusual gifts to the satisfaction of the entire Music Faculty, who will decide by vote whether her work has been of a sufficiently high order of merit and must give a successful public recital at graduation.

(b) With Teacher's Diploma—Given to those students who, having talent, are unable to become concert performers, but exhibit intelligence in mastering the principles of musical art.

Candidates must play a satisfactory recital program before the Music Faculty, and must write a thesis on some musical subject, in which they have done careful research work; the subject to be chosen at the beginning of the Senior year after consultation with the Director of the School of Music.

(c) With Supervisor of Public School Music Diploma—Given to students who successfully complete the Supervisor's Degree Course. The courses for this degree are planned for those wishing to fit themselves as high school music teachers and supervisors of public school music.

Candidates must complete Courses 101, 102, 103 and 201, 202, 203 in Pianoforte and Courses 101, 102, 103, 201, 202, 203; 301, 302, 303 and 401, 402, 403 in Voice, and must

write a thesis on a subject chosen from the assigned work in public school music.

2. *Certificate in Piano, Voice, Violin or Cello.* Given to students who lack the talent or technical development to obtain the diploma. Requirements: (a) Same applied music courses as required in Freshman, Sophomore and Junior years for Bachelor of Music degree.

(b) Same Theoretical and Academic courses as required in Freshman, Sophomore, and Junior years for Bachelor of Music degree.

3. *Certificate in Method and Supervision of Public School Music.* Requirements: As outlined for two-year certificate in Public School Music.

B. Students may also be received into the School of Music as follows:

1. Irregular and special students, who may pursue courses of study without reference to the degree of Bachelor of Music or Certificate. If they are resident in the College Dormitory, they must take not less than the equivalent of 14 hours of recitation work per week, supplementing the hours in music with academic studies.

2. A.B. or B.S. students in the College of Liberal Arts and Sciences who may elect thirty quarter hours of music, provided they elect Courses 91, 92, 93; 101, 102, 103; 201, 202, 203; 301, 302, 303; or 401, 402, 403 in Applied Music receiving six quarter hours for each course.

REQUIREMENTS FOR ADMISSION

1. Admission of students applying for the Mus. B. degree, or Certificate in either Piano, Voice, Violin, Cello, or Public School Music. (Regular students.)

For admission to the Freshman Class in the courses leading to the degree of Bachelor of Music or to Certificates in Music, applicants must fulfill the following requirements:

A. They must present the same academic preparation as is prescribed for admission to the College of Liberal Arts and Sciences. Of the fifteen units of high school work required the following are prescribed:

English	3 units
Mathematics	2 units
History	1 unit
Science	1 unit

The remaining units may be selected from the other subjects that are accepted for admission.

B. They must also stand an examination at the beginning of the college year in Elementary Theory or Rudiments of Music as given in any of the following textbooks: First Year Theory, Tapper; Musical Essentials, Maryott.

N. B.—(Students may be conditioned in the above music requirements but the condition must be removed before the end of the first quarter.)

C. They must show, if students of Piano, Violin, or Cello to the satisfaction of the Director that they have completed the equivalent of Courses 81, 82, 83, and 91, 92, 93 in Applied Music as described.

2. Admission of students NOT applying for degree or certificate. (Irregular and special students.)

Students may be admitted to courses of study without reference to the degree of Bachelor of Music or a certificate; provided, they can present the same entrance requirements as are prescribed for A.B. or B.S. students. It is also provided that boarding students must take not less than 14 hours of recitation work per week.

PIANOFORTE NORMAL

MISS ELIZABETH YOUNG, *Supervisor*
MISS GRACE MOZLEY, *Assistant*

Pianoforte Normal 301, 302, 303 and 401, 402, 403. Required of all Juniors and Seniors in Mus. B. course. Three hours per week. Credit, 6 quarter hours each year.

This course consists of two years study, and is a part of the work of the Juniors and Seniors in music. These students are required to teach one pupil twice a week for one hour under the personal supervision of the Supervisor of the Normal Department, and to give them this opportunity the college offers the children of the town this instruction at a nominal fee.

A normal teachers' meeting is held once a week where the plan of work for each week is discussed. Also, once a week a general class meets, where the children are taught by the student teachers, some of the fundamental principles of theory and music history.

VOCAL NORMAL

MISS REBECCA D. STOY, *Supervisor*

Vocal Normal 301, 302, 303 and 401, 402, 403. Required of all Juniors and Seniors in Mus. B. course. Three hours per week. Credit, 6 quarter hours.

This course requires the student to attend a general class once a week and to teach twice a week, for one hour. At the general class, instruction in vocal physiology, theory of voice and vocal method will be given, enabling the student to acquire theoretical knowledge necessary for actual experience in teaching. Voices will be criticized and example lessons given.

All teaching will be under the supervision of the Supervisor of the Vocal Normal Department.

VIOLIN NORMAL

MISS ALBERTA POTTER, *Supervisor*

Violin Normal 301, 302, 303 and 401, 402, 403. Required of Juniors and Seniors in Mus. B. course. Three hours per week. Credit, 6 quarter hours.

This course requires the student to attend a general class once a week and to teach twice a week for one hour. The course is under the direct supervision of the Head of the Violin Department. Various phases of instruction included in the course follows:

A. Modern methods of tone production and technique, and relationship to proper position of violin and grasp of bow, theoretical and applied.

B. Finger-board analysis involving study of theory in its direct application to tone, intonation and technique of instrument.

C. Modern fingering. Change of position and bowing, and effect upon phrasing and tonal quality.

D. The vibrato; its use to be logically treated from the standpoint of student, teacher and artist.

E. Resume of teaching material including Etudes, Studies and Pieces. Musical expression.

F. Repertoire. Interpretation and arrangement of ensemble classes.

PRACTICE

Regular hours of practice are assigned to each student by the Director of the School of Music. The number of hours of daily practice depends on the classification of students. Of Mus. B. students, three hours daily practice are required in their Freshman, Sophomore, and Junior years, four hours daily practice in the Senior year. Of all other classification of students, one hour of daily practice is required.

RECITALS

In order that the students may become accustomed to appearing in public, frequent afternoon recitals are given. Public recitals are given by advanced students as often as is consistent with their regular work.

All applicants for the Mus. B. degree are required to appear on afternoon programs, once in the Freshman year, twice in the Sophomore, and three times in both Junior and Senior years.

Opportunities are given students for hearing the best music in concerts given by members of the music faculty and visiting artists. Attendance upon all recitals is obligatory.

COLLEGE GLEE CLUB

The Alabama College Glee Club is a distinct organization and one of the most active in the college. Concerts are given in Montevallo and other towns in Alabama. Only more advanced students from the Voice Department are allowed to become members and they are selected by exam-

ination. The Glee Club is under the direction of the Director of the School of Music.

COLLEGE SYMPHONY ORCHESTRA

A splendid opportunity for gaining practical experience in ensemble playing and in solo performance with orchestral accompaniment as well as in the study of the higher orchestral forms is afforded by the College Orchestra. Membership in the organization is compulsory for all violin and cello students as soon as they are far enough advanced to take part in this work. There are regular weekly rehearsals. The Orchestra is under the direction of the Director of the School of Music.

THE COLLEGE CHORAL SOCIETY

The College Choral Society, numbering about one hundred voices, plans to study each year one or more of the great choral works, which with the assistance of soloists and orchestra, will present at a mid-winter concert and at an annual music festival each May one of the standard oratorios. The chorus is under the direction of the Director of the School of Music.

The conditions of membership are: A voice of fair effectiveness, a correct ear, some knowledge of musical notation, and regularity in attendance. Open to all students of the College who can meet the conditions of membership.

CONCERT BUREAU

The faculty of the School of Music numbers among its members artists, composers, and lecturers of wide reputation and acknowledged ability. This fact added to a considerable list of alumni, places the school in a position to supply instrumentalists or vocalists for concert purposes, to furnish programs devoted to works of native composers, or to arrange for specialists to lecture before conferences, associations, or clubs.

The College Glee Club, famed for its unique programs, is available for a limited number of engagements. For terms and dates, apply to the Director of the School of Music

FEES

The rates of tuition in Applied Music are for strictly private lessons of thirty minutes duration. The class lesson which is used in many schools of music, and conservatories, largely because of its cheapness, is not considered sufficient in the main scheme of our instruction in Applied Music because it is believed that the student cannot receive the best individual attention in a class where several students are taught at one period.

Student Activities

Y. W. C. A.

The Young Women's Christian Association, through its social life, Bible and mission study, religious meetings, and Association relationships, seeks to promote right living in the school community and to train students for Christian work. The work of the Association begins with welcoming new students and by being hostess at many and varied social functions. The Association creates a spirit of friendliness and fellowship throughout the entire student body.

The Association is a part of the South Central Field and is affiliated with the National Board of Y. W. C. A. of America. It is visited by field secretaries, and delegates are sent to the National Convention of the Y. W. C. A. and to the Southern General Conference at Blue Ridge, N. C. Through the Association relationships, the students are brought into touch with the larger students' movements in the South, the nation, and the world.

"Morning Watch"—a short prayer service—is held each morning after breakfast, and vesper services are held on Wednesday and Sunday evenings. These meetings give students an opportunity for worship, instruct them about Christian service that is being done all over the world, and train them for leadership. One Wednesday vesper service each month is devoted to denominational group meetings;

where each student may study the organization and problems of her own church.

Some of the interesting features of the Y. W. C. A. are: Maintaining the Tea-Room, the Employment Bureau, and the Big Sister Organization. The Employment Bureau endeavors to secure employment for students desiring to make pin-money. The Big Sister Organization enlists all of the former students in welcoming the new girls. As each student enrolls, she is assigned a "Big Sister," who takes a personal interest in helping her to make the right adjustment to college life.

The officers for 1925-26 are: Anne Long, President; Ruth Little, Secretary; Laura Johnson, Treasurer; Alice Quarles, under-graduate representative.

STUDENT GOVERNMENT ASSOCIATION

Each student becomes a member of the Student Government Association, after having passed examination on the student hand book. The management of this Association is vested in an Executive Board.

The duties of the Board are three-fold: executive, judicial, and legislative. All matters of discipline coming within the limits of the authority of the Association are considered by the Board.

The ideal of the Association and the goal toward which it is constantly striving is complete self-government for each student in the college.

The legislative duties are now largely turned over to the Student Senate which is described below.

The officers for 1925-26 are: Helen Davis, President; Mary Hill, Vice-President.

STUDENT SENATE

A new group, entitled the "Student Senate," was called into being by the Executive Board in March, 1925. This body is composed of twenty seniors, fifteen juniors, twelve sophomores, and ten freshmen. The object of creating this new organization was to divide responsibilities and to give a larger number a responsible part in student government.

The aim of the organization is to foster the highest type of college spirit, to preserve the best traditions of the col-

lege, and to raise the standards and ideals along all lines of development at the College.

The president of the Student Senate for 1925-26 is Miss Hazel Black.

THE ATHLETIC ASSOCIATION

The Athletic Association seeks to interest every student in some phase of out-door recreation, giving her an opportunity to contribute her part to the school life through basketball, tennis, volleyball, captain ball, hiking, and swimming.

Through its executive board, the Athletic Association arranges inter-collegiate games, and the girls participate enthusiastically in the Thanksgiving games between rival classes, in the tennis tournament, the swimming contest, and the field-day exercises. The Association offers each year a silver loving cup to the class making the highest record in athletics, and gives prizes to the winners in tennis and swimming contests.

The board provides for supervision of tennis practice, of swimming, and for the upkeep of the courts and swimming pool. It also sends a representative to the annual summer conference at Blue Ridge.

The "M" Club, a branch of the Athletic Association, is open to students making the required number of points in the various athletic activities.

The officers are: Helen Townsend, President; Norine Martin, Vice-President; Irma Reaves, Secretary.

THE DRAMATIC CLUB

The College Dramatic Club was organized in the fall of 1921 with the teachers of Expression and Oral English as the directors. Members are elected by judges who decide upon the ability shown in public try-outs each year. At least one public performance is given at the College during each quarter, and sometimes this is repeated in towns nearby and cities in the State.

The officers for 1925-26 are: Gladys Waldrop, President; Alice Mahler, Vice-President; Joy Cawthon, Business Manager; Nina Dantzler, Property Manager; Ruth Jones, Advertising Manager; Lucy Holt, Entertainment Manager.

TECHNALA

Since 1907 the Technala has been published annually by the students of the College. The first three issues bore the name Chiaroscuro. It is an expression of the various activities of the College.

The officers for 1925-26 are: Annie Mae Skinner, Editor-in-Chief; Joyce Jackson, Assistant Editor; Patty Cole, Business Manager.

THE ALABAMIAN

The Alabamian is a bi-weekly publication, issued by the students, in which are expressed the various interests and activities of the College. The first issue of the Alabamian was published in November, 1923. The Staff for 1925-26 is as follows: Elma O'Neill, Editor-in-Chief; Theresa Conaway, Business Manager.

GLEE CLUB

Membership in the Glee Club is open to advanced voice students. During the session of 1924-25 there was a membership of about fifty. The Glee Club holds weekly rehearsals under the direction of the Director of the School of Music and gives several evening programs during the session.

The officers for 1925-26 are: Helen Bishop, President; Eleanor Hooper, Business Manager; Helen Grey McNeill, Treasurer.

COLLEGE ORCHESTRA

The College Orchestra has been a very popular organization, and is always in demand to furnish music for various programs, plays, and the different class and college activities. The members are largely violin students, but several musicians from Montevallo who play other instruments are also members, and are a great help to the orchestra.

The College is indebted to the late Charles R. Calkins, the Director of Music in the College for several years, who organized the orchestra and inspired high ideals in all kinds of music throughout the community.

The violin teacher has been the director since 1922.

The officers for 1925-26 are: Mary McConaughy, President; Grace Black, Vice-President; Ruth Griffin, Secretary and Treasurer.

HOME ECONOMICS CLUB

The Home Economics Club was organized November 6, 1920, by the graduating class in Vocational Home Economics. It was established for the purpose of furthering the interest of all students in the work of this department. During the first year the club members made an interesting and helpful study of the current events relative to home economics work in this country. For the year 1922-23 membership was extended to the sophomore, junior, and senior home economics students.

The officers for 1925-26 are: Nancy Savage, President; Ibbie Jones, Vice-President; Bennie Walton, Secretary.

ART CLUB

The Notan Club was organized February, 1923. The purpose of this organization is to further interest in art work, to assist practice teachers in different phases of art that they will need in their profession, to learn more of the conditions and needs of art in the State, and to promote closer fellowship among the students of this department.

The officers for 1925-26 are: Ruth Jones, President; Carolyn Middleton, Vice-President; Elizabeth Granberry, Secretary; Lucy Holt, Treasurer.

MATHEMATICS CLUB

The Mathematics Club was organized on February 26, 1923, for the purpose of studying mathematics and certain related subjects chosen by the club. This organization has proved to be both interesting and profitable.

The officers for 1925-26 are: Dorothy Williams, President; Mildred Gilchrist, Vice-President; Mary Allen Rhodes, Secretary; Lucy Holt, Treasurer; Joy Cawthon, Reporter.

CALKINS MUSIC STUDY CLUB

The object of the Calkins Club shall be to stimulate interest in and appreciation of music and musicians, and to promote social enjoyment for its members.

The officers for 1925-26 are: Mildred Young, President; Helen Bishop, Vice-President; Corinne Parrish, Secretary; Myrtle Turberville, Treasurer.

SECRETARIAL CLUB

The Secretarial Club was organized on January 15, 1924, for the purpose of furthering the interest in the Secretarial Department, to promote business efficiency, and intellectual development. The membership is open to all registered secretarial students of the College.

The officers for 1925-26 are: Catherine Ortmann, President; Ruth Little, Vice-President; Gertrude Broadway, Secretary.

ALEPH SADHE CLUB

The purpose of the Aleph Sadhe Club is to further the social development of its members and afford opportunities for the worthy use of leisure. Meetings are held semi-monthly, in which the members participate in some phase of social activity.

The officers for 1925-26 are: Nellie White, President; Leeta Orr, Vice-President; Eloise Harmon, Secretary; Verdie Strickland, Treasurer; Ibbie Jones, Artist.

ALPHA PI OMEGA CLUB

The Alpha Pi Omega Club has for its purpose Welfare Work. A wide field for this work presents itself in this community. The aim of each member is to live up to its worthy motto, "Not For Ourselves Alone."

The officers for 1925-26 are: Minnie Barnes, President; Katheryn Morrison, Vice-President; Mildred Young, Secretary; Catherine Ortmann, Treasurer.

ZETA PI DELTA CLUB

Although the Zeta Pi Delta Club is comparatively new it has already become a member of the State Federation of Women's Clubs. The club endeavors to enrich the social and literary development of its members and to instill in them the value of self-government.

The officers for 1925-26 are: Mary Noble, President; Gladys Waldrop, Vice-President; Lucille Snellgrove, Secretary; Irma Reaves, Treasurer; Anne Jones, Critic.

CASTALIAN CLUB

(Established 1900)

The Castalian Club endeavors to enrich and complete the college life of its members, and, by forming lasting friendships, to strengthen their loyalty to the Alma Mater. Meetings are held weekly; the varied and interesting programs of the past year have been attractive as well as instructive.

A loan scholarship of \$100 has been established for the use of an active member.

The officers for 1925-26 are: Rella Rudolph, President; Fannie Jo Scott, Vice-President; Fannie Morton, Secretary; Rosa Perry, Treasurer.

PHILODENDROI CLUB

(Established 1918)

The Philodendroi has made rapid progress in the last few years. Its main object is nature study. Weekly meetings are held, at which are given instructive lectures and stories concerning our "forest friends," recent discoveries in nature, and principles in camping, with practical application of lessons in camp cookery, which have proved delightful as well as instructive.

In April, 1924, the name of the club was changed to Phi Delta Sigma.

The officers for 1925-26 are: Florence Guyton, President; Eudora Gates, Vice-President; Mary Gilliland, Secretary; Annie Holt Young, Treasurer; Gertrude Patterson, Critic.

PHILOMATHIC CLUB

(Established 1908; Federated 1924)

The Philomathic Club was established in 1908 for the purpose of the literary and social development of its members. With the introduction of other literary societies into the school, the purpose of this club has been changed from literary to social.

The club maintains one scholarship of \$115 to be used by one of its active members.

The officers or 1925-26 are: Roberta Northrup, President; Joyce Jackson, Vice-President; Mary Parrent, Secre-

tary; Anne Johnson, Treasurer; Mary Cola Hungerford, Reporter.

JULIA STRUDWICK TUTWILER CLUB

(Established 1901; Federated 1923)

The club holds a scholarship of \$115, which is lent to one member each year to be repaid the following year. There are thirty-five active and fifteen honorary members.

The officers for 1925-26 are: Alice Mahler, President; Margaret Coleman, Vice-President; Pauline Curry, Secretary; Isma Long, Treasurer.

SCRIBBLER'S CLUB

(Organized and Federated 1924)

The object of this club shall be to foster the literary talent of the students of Alabama College through study and companionship.

The officers for 1925-26 are: Lillian Prout, President; Laura Johnson, Secretary; Robbie Allen, Treasurer; Alice Mahler, Critic.

BETA SIGMA DELTA CLUB

(Established 1923)

The Beta Sigma Delta Club endeavors to promote better and more democratic social life in our Alma Mater, and a more worthy use of our leisure time. It also aims to strengthen and develop truer bonds of friendship.

The officers for 1925-26 are: Vivian Letson, President; Helen Bishop, Vice-President; Vivian Alford, Secretary and Treasurer.

ALUMNAE ASSOCIATION

In May, 1902, the Alumnae Association was organized. It is earnestly requested that every graduate become an active member by paying the annual dues of \$1. The objects of the Association are to foster the ties formed during school days, and to establish a fund to aid the students of the college. At present the Association is bending its energies towards having erected on the college campus a prac-

tiſe home to be uſed in connection with the home economics department.

Every member is requested to notify the college by the firſt of May each year of any change in her name, address or occupation.

The officers for 1924-25 were: Miſſ Minnie Sellers, Ramer, Ala., Preſident; Mrs. D. F. Rucks (Medora Holcombe), 1430 N. 25th Street, Birmingham, Ala., Firſt Vice-Preſident; Mrs. T. E. Hubbard (Gypsy Smith), Opp, Ala., Second Vice-Preſident; Mrs. J. W. Spinks (Elizabeth Jackson), Birmingham, Ala., Secretary; Miſſ Gladys Jones-Williams, Montevallo, Treasurer; Mrs. F. M. Peterson (Charlotte Warner), Montevallo, Hiſtorian; Nell Browder, Montevallo, Executive Secretary.

Training School

The Training School conſiſts of an elementary and a high ſchool department. The elementary department comprises the firſt ſix grades; the junior high ſchool, the ſeventh, eighth and ninth; and the ſenior high ſchool the tenth, eleventh and twelfth.

The high ſchool department was, during the ſeſſion of 1922-23, placed upon the accredited liſt of Alabama high ſchools; and during the ſeſſion of 1923-24 admitted to the Southern Association of Colleges and Secondary Schools.

As was announced in the 1923-24 catalog, no ſtudents of high ſchool grade will be allowed to room in the College dormitories. The Montevallo High School ſerves as a training ſchool but at the ſame time is ranked very high among the high ſchools of the State. It belongs to the Southern Association of Secondary Schools and it is hoped that ſtudents from over the State may come and attend the high ſchool, but it will be neceſſary to aſk that they ſecure room and board in the town of Montevallo until they ſhall have attained college rank.
